

HEAT CONTROLLER, INC.

GEOHERMAL HEAT PUMP PROPERTY MANUFACTURER'S CERTIFICATION FOR TAX CREDIT

This document certifies the Geothermal Heat Pump property listed below meets or exceeds the requirements of the Energy Star program with regard to efficiency, installation type and installed options. The Residential Energy Efficient Property Credit, located in section 25D of the Internal Revenue Code, provides tax incentives to encourage the use of geothermal heat pumps.

For qualifying geothermal installations completed between Jan. 1, 2008, and Dec. 31, 2008, eligible homeowners can obtain a tax credit for 30% of the total investment up to a maximum credit of \$2,000.

For qualifying geothermal installations completed between Jan. 1, 2009 and Dec. 31, 2016, eligible homeowners can obtain a tax credit of 30% of the total investment with no maximum limit.

Consult Heat Controller, Inc., and/or your tax advisor for further information. IRS Form 5695 can be used to file for the federal tax credit.

Please have your installing contractor complete the information below and keep this certificate for your records. Also, keep receipts documenting the unit and total installation cost.
